Events August	8

Dear parents and students,

July month has been very hectic with a number of Academic and Co academic events happening at the school.

Starting from the First Periodic Assessment to the International Tiger Day on 29th July, in almost every event the response from the students' teachers and the parents have been growing from strength to strength.

In between we had the Student Council Investiture Function at the school

premises with selected leaders among the students and their parents in enthusiastic physical attendance all adhering to the Covid protocol.

The happening Tokyo Olympic was hailed and celebrated at our school both by our staff in the school and the students through their virtual display from their homes.

The Teachers' Discussion Forum was inaugurated and we already had two editions with the teachers participating enthusiastically and discussing themes one on

on DREAMS and the other on RELATIONSHIPS.

We also had an interactive online Cookery Session with our eagerly participating parents. Parents also visited the school on various occasions like the Colours Day with their children.

August the month of Freedom is on the threshold. Many more events are there for you to participate and relish.

The OLYMPIC HISTORY- compiled by Mr. Chinnasamy & Mrs. Ayesha

The ancient Games were staged in Olympia, Greece, from 776 BC through 393 AD. It took 1503 years for the Olympics to return. The first modern Olympics were held in Athens, Greece, in 1896. The man responsible for its rebirth was a Frenchman named Baron Pierre de Coubertin, who presented the ideas in 1896.

The Olympic symbol consists of five interlaced rings of equal dimensions, five different colours, which are, from left to right, blue, yellow, black, green and red. The Olympic symbol (the Olympic rings) expresses the activity of the Olympic Movement and represents the union of the five continents

When Pierre de Coubertin created the Rings in 1913, the five colours combined with the white background represented the colours of the flags of all nations at that time, without exception.

The first Olympic Torch was inaugurated in the 1928 Amsterdam Olympics. There was no torch relay at that time. The modern torch relay was first instituted at the Berlin Olympic games in 1936. The Olympic Oath was introduced in 1920.

The Olympic motto "Citius, Altius, Fortius" (Faster, Higher, Stronger) was coined by Father Henri Didon, who was a close friend of Baron Pierre de Coubertin. It was adopted by the IOC in 1894.

The Tokyo 2020 Organising Committee has revealed the official Games motto: "United by Emotion". The motto emphasizes the power of sport to bring together people from diverse backgrounds and allow them to connect and celebrate in a way that reaches beyond their differences. So TOGETHER has now been added to the Faster-Higher-Stronger slogan.

FASTER, HIGHER, STRONGER – TOGETHER

WE MOVE FORWARD WHEN WE MOVE TOGETHER

In the Limelight

The Students Council with the School Pupil Leader down to prefects up to Grade III was instituted through the investiture Ceremony organised at the school attended by the children and their parents. Dr. Krishnaveni correspondent gave away the various titles to the students Mrs. Saraswathi Vasu Principal and all the teachers made the needed arrangements.

THE MISSION OF OUR STUDENT COUNCIL IS TO:

Develop responsible leaders within our school and community!

Nurture self-esteem, pride, and leadership qualities among all members

Promote the values that represent good character in all students!

Encourages school spirit!

Students will accomplish the Student Council Mission through leading by example in classrooms and community by being respectful, responsible, and safe

A Poem for Tokyo Olympics 2021

A. Atharvan Grade 3

Its time to have races
Its time to have fun
On your marks get set
Jump skip run

The Olympics come and go
Four years in a row
Athletics give it their all
As the world watches in awe.....

It is that time of year
When people stand and cheer
So let the games begin
The world as one will win

All it takes is guts, you have got
Attitude matter the most in sports

Dreams of Olympic gold
Stories will soon be told
For athletes the Olympics are
The ultimate test of their worth.

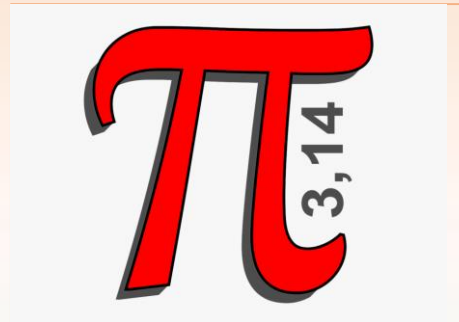

Soil never gets exhausted to help
us but we humans get exhausted
to help ourselves

History of Pi

Pi has been studied by the human race for almost 4000 years by 2000 BC. Babylonians established the constant circle ratio as 3-v8 or 3.125. The ancient Egyptians arrived at a slightly different value of 3-1/7 or 3.143.

On of the earliest known records of Pi was written by an Egyptian scribe named ahmes (c.1650 BC.) on what is known as the ehind papyrus. He was off by less than 1% of the modern approximation of Pi (3.141592).

A Poem On Nature Conservation

NOTHING COULD BE THERE
IF SOIL IS NOT THERE,
YOU WOULDN'T BE ON AIR
IF SOIL IS NOT THERE
SO CONSERVE IT HERE ON THE EARTH

The world of books- is the most remarkable creation of man-nothing else that he builds ever lasts- monuments fall- nation perish-civilizations grow old and die out-after an era of darkness new races build others- but in the words of books are volumes that live on still as young and fresh as the day they were written- still telling men's hearts of hearts of men centuries dead.

வருகைப் பதிவேடு...

இன்று...
எம் பள்ளியில்
மாணவர்களின்
வருகைப் பதிவால்,
வருகை பதிவேடும்...
வரம் பெற்றதுவோ?
உன் வகுப்பறையும்
உயிர் உற்றதுவோ!

பள்ளியில்,
மழலைகள் இல்லாமல்...
வகுப்பறையை
விரைவாய்,
கடந்து செல்வதென்பது...
இறைவனாலும் இயலாதது!

காதோடு சொல்.
கணினி முன்
கச டற தப வென மொழிவது
காதுகளில்,
கத களி யெனத்தானே
கேட்டிருக்கும்?!

வருகைப் பதிவு கணக்கிட
கணினியின் முகம்
கண்டு காணாமல்...
மழலையின் முகம் பார்த்து
மனமும்
மலரும் நாள்
மலராதோ?

August the FREEDOM Month

August 15th is the day of India's rebirth, a new start. At the midnight on that day The British handed over power to the Indian leaders sending a remarkable struggle that lasted for more than two centuries. On that day Pandit Jawarharlal Nehru hoisted the National Flag for the first time and declared India an Independent Nation from the portals of the RED FORT

Now 2021 what does this Independence signify to all of us our children and us, almost everyone born after the first Independence Day ? This is our 75th Independence Day. Do our children know what it is to be independent, the true meaning of FREEDOM and PATRIOTISM? Are we aware of our rights and duties as responsible citizens of this Independent country called India? This and many more questions call for answers from all of us at this juncture. KMR School stands to fulfill them through its various events during this August. We request all our parents to participate in them and help in transforming our children's future.
