ON LEADERSHIP

First of all, Leadership refers to the quality of leading people. Probably, it is one of the most important aspects of life. Above all, Leadership has led to the progress of human civilization. Without good Leadership, no organization or group can succeed. Furthermore, not everyone has this quality. This is because effective Leadership requires certain important characteristics.

Qualities of a Good Leader

First of all, confidence is the most important quality. A leader must have strong self-confidence. A person lacking in confidence can never be a good leader. A person must be confident enough to ensure others to follow him. The leader must have confidence in his decisions and actions. If he is unsure, then how can people have the desire to follow him.

A good leader must certainly inspire others. A leader must be a role model for his followers. Furthermore, he must motivate them whenever possible. Also, in difficult situations, a leader must not lose hope. How can a leader inspire people if he himself is hopeless?

Good communication is a must for a good leader. This is because poor communication means you give wrong message to followers. Furthermore, good communication will improve the quality of work. Also, the chances of mistakes by followers will get reduced. Another important quality is decision making.

Above all, if a leader makes poor decisions then other qualities will not matter.

Furthermore, good decision making ensures the success of the entire group. If the leader makes poor decisions, then the efforts of followers won't matter.

A good leader must be an excellent innovator. He must display a creative attitude in his work. Most noteworthy, innovation is a guarantee of survival of a group or innovation. Without creative thinking, progress is not possible.

Real-Life Examples of Good Leadership

Mahatma Gandhi was an excellent example of a good leader. He was a staunch believer in non-violence. With his brilliant Leadership skills, he made the British leave India. Probably, this was the most unique independence struggle. This is because Gandhi got freedom without any violence.

Abraham Lincoln was another notable leader. Most noteworthy, he ended the slavery system in the United States. Consequently, he made many enemies. However, he was a man of massive self-confidence. His struggle against slavery certainly became an inspiration.

Sir Winston Churchill was a great patriotic Englishman. Most noteworthy, he led Britain in the 2nd World War. Furthermore, he was extremely inspirational. He inspired Britain to fight against Nazi Germany. His great communication motivated the entire country at a time of hopelessness.

To conclude, Leadership is required in probably every sphere of life. Good leadership is the door to success. In contrast, bad leadership is a guarantee of failure. Consequently, good leaders are what make the world go round.

KMR STAR

OF THE MONTH

Congratulations to
Mrs. Kanagavalli for having
procured the First 100 in Tamil
X Borad Exam. 2021-22

In 2014, at age 17, **Malala Yousafzai** became the youngest recipient of the . The young activist from Pakistan had become famous

for speaking out against the **Taliban** and encouraging young girls like herself to pursue an education. She made her first public speech touting the cause when she was only 11 years old. She attracted international attention when she survived an attempt on her life at age 15.

Her birthday falls on **12 th July**. She is now happily married to Asser Malik, A manager with Pakistan's Cricket governing body and lives in Birmingham England. Through the Malala Fund and with her own voice, she continues to advocate for the power of education and for girls to become agents of change in their communities. Malala continued her higher education in Oxford University and last month obtained her degree in Philosophy, Politics and Economics .

Dmitry Muratov, (born October 30, 1961, Kuybyshev, Russia, U.S.S.R. Russian journalist who, as editor in chief of The newspaper

Novaya Gazeta was a vocal advocate for an independent press, known for investigating abuses of power. In 2021 he was awarded (with Philippine journalist **Maria Ressa**) the **Nobel Prize for Peace**, cited for his "efforts to safeguard freedom of expression."

In an interview to Meduza, Muratov commented that his Nobel Prize belongs to all journalists of *Novaya Gazeta* who were killed for conducting their investigations:

It's not mine. I'm not the right beneficiary, there are real ones. It's just that the Nobel Peace Prize isn't awarded posthumously, it's awarded to living people. Obviously, they decided to award it to someone living, having in mind Yury Shchekochikhin, Igor Domnikov, Anna Politkovskaya, Anastasia Baburova, Stanislav Markelov, and Natalya Estemirova.

On 22 March 2022, Muratov decided to sell his Nobel Peace Prize medal to an auction, donating the proceeds to UNICEF for the benefit of refugees from Ukraine. The medal is sold for US\$103.5 million, the highest prize ever recorded for a Nobel Prize'

ACADEMIC Excellence

At a young age of 16 years, **Jayalakshmi** wears many hats. She is a student of Class 12, sole bread-earner of her family, a tuition teacher for Class 8 and 9 students and a social worker. The resident of **Thiruvalluvar Nagar village of Adhanakottai panchayat in Pudukottai district of Tamil Nadu**, Jayalakshmi has helped in eradicating the practice of open defecation from her village by raising awareness and motivating her fellow villagers to build individual household toilets. Taking support from a Tiruchirapalli based voluntary organisation 'Gramalaya' that has been working towards sanitation and rural development since 1987, Jayalakshmi has managed to build 125 individual household toilets covering all families in her village.

It all started when Jayalakshmi won an online competition conducted by a private organisation and got an opportunity to visit NASA (National Aeronautics And Space Administration) facility in the USA. She started receiving support from various people and organisations who offered to fund her visit to NASA. Gramalaya was one of the organisations that came forward to help her realise her dream of visiting NASA. But she requested the organisation head to channelise the fund towards building the

Individual household toilets in her village. She already has the required money for the NASA trip through other sponsors. She will go to NASA next year. Her story is now a lesson that students study in the Maharashtra State Board schools.

KG BLUE DAY

AUGUST 22

Blue Day Celebration!!

Blue is the colour of the sky and sea. It is often associated with depth & stability. Blue symbolizes trust, loyalty, wisdom, confidence, intelligence & truth.

In order to be replaceable one must always be unique. KMR always has tried to live up to this saying. The students of grades II to V have demonstrated this through their integrated projects on 8th & 23rd July. The topics for the different grades were:

Grade II- Creepers & Measurement

Grade III- Forest & Transport

Grade IV- Seasons & Shapes

Grade V- Pollution & Land Forms

Through different modes, the children presented their displays with gusto and enthusiasm. Many of them even dramatised. Parents also came to witness their children's original ideas. This was an excellent opportunity for the children to exhibit their inherent potential. Report By Mrs. Saranya Kannan I/C

The English Department of KMR Organized English Forum Activities Exclusively for Grades of VI VII and VIII at the School auditorium.

The objective of the English Forum was to bring out the communication skills of each and every student. Various topics were given for them to prepare and participate.

The children came out in full strength prepared well and participated. Many parents helped their wards in preparation. Almost everyone gave out his or her best.

This was a good exercise in public speaking. This has made many of the children come out of their shells. It was all fun, but in the end all children became a little more smarter. Communicating in English was made easy.

Parents of children also came in good number and encouraged their wards in their renderings. The children were very happy to perform in front of their parents.

**Tips on PARENTING from my
experience...**

- Love them and show them through action.
- Help them to plant a seed and be responsible for it till it grows.
- When they make a mess, teach them to clean it and stay by their side and help them when they need.
- Teach them to say thank you and sorry. Use it in front of them as often as possible.

- During the study time, be by their side to guide them when needed. Give them rest when needed.
- Allow them to do simple tasks such as arranging their room, cupboard, book shelf etc.
- Correct them whenever they do mistakes and tell them why you did so.
- Wish them to have a good day and ask them how their day was.
- Have some family time.

India will be hosting the 44th Chess Olympiad from 28 July 2022 to 10 August 2022. It was supposed to take place in Moscow earlier but after the invasion by Russia of Ukraine, FIDE decided to move the event to India. The bid for the rescheduled Chess Olympiad was a sudden one and in the words of AICF President Dr Sanjay Kapoor, Tamilnadu Government stepped up and provided them with adequate funds, which helped India to secure the hosting bid.

India is fielding a total of 5 teams in the tournament and can very well make it more historic by achieving their best finish at the Chess Olympiad.

Growth of Chess in India India has witnessed an immense growth of Chess players and chess lovers in the last few years. In the last 12 years, the number of grandmasters has tripled in India. India has 74 Grandmasters now which is a huge improvement from 23 in 2010. India has a total of 33,308 rated players. As a country, India is ranked 4th overall with an average rating of 266.

Talking to The Bridge, President of All India Chess Federation Sanjay Kapoor said, "With the growing popularity of Chess, we will be introducing a programme in school which will help kids grow their intellect and it will help chess grow also.

The 44th International Chess Olympiad, organised by Fédération Internationale des Échecs (FIDE), is just a day away from its opening ceremony on July 28, 2022, in Chennai. It has been an extraordinary journey by the government of Tamil Nadu to pull in such efforts and host India's first-ever International Chess Olympiad.

How did Chennai get the hosting rights?

On February 25, 2022, FIDE announced that it will move the Olympiad from Moscow and is searching for an alternate place to host the event. However, it was not until March 16, 2022, that Chennai was officially announced as the host city for the 44th Chess Olympiad.

Tamil Nadu Chief Minister MK Stalin rejoiced at the announcement, tweeting, "Delighted that the Chess Capital of India is set to host the 44th Chess Olympiad! A proud moment for Tamil Nadu! Chennai warmly welcomes all the Kings and Queens from around the world! #ChessOlympiad2022."

What is the venue for the event, and who will be attending the opening ceremony?

Poonjeri Village in Mamallapuram, a UNESCO heritage site located about 50 kilometres from Chennai, Tamil Nadu, was chosen as the venue for the event,

which will begin on July 28 and last till August 10, 2022. It was announced that the opening ceremony, which will feature programs based on the state's rich cultural heritage, will be held at the Jawaharlal Nehru Indoor Stadium and attended by India's Prime Minister Narendra Modi and Tamil Nadu CM MK Stalin, among other dignitaries.

Who is the mascot of the 44th Chess Olympiad?

The event's official mascot has been named 'Thambi', a horse clad in the traditional Veshti –Sattai. Buses with 'Namma Chess, Namma Pride' written over them alongside a picture of Thambi were flagged by Stalin to travel across the city.

How many countries and players are participating in the 44th International Chess Olympiad?

India has a golden chance of winning the gold medal at the Olympiad as neither Russia nor China are able to participate in the event. While China has pulled out, citing Covid as a reason, Russia has been debarred from all sporting events due to its war on Ukraine.

However, a total of 343 teams from 187 countries are participating in the event, with 25 players from India participating under the mentorship of legendary Indian Chess Grandmaster Vishwanathan Anand. **COMPILED BY MR. ALAGAR**

We want your feedback

I am Ashwin George's mother.

This year's theme is Academic Excellence and the world running on nature's rule "Survival of the fittest." New Gen doesn't know how to handle failure. Instead of injecting the word success, excellence start motivating our children through failure and survival stories. Add tips and bits useful for competitive exams.

Add quizzes. Add some interesting things like coloring, crosswords, etc.....

Explore Madurai - can add a short para on scenic/holy/adventurous places or eateries.

These are my humble suggestions. Thanks and Regards
