Senior Principal's Message

Dear parents, Greetings from KMR.

No school can work for children if teachers and parents do not work in partnership in the best interests of the children. So, we are looking for a productive partnership with YOU to ensure that our children can achieve their highest potential. Children need support both from home and school. A strong PARTNERSHIP between the school and parents will make a significant difference in your child's education.

In this academic year, we are trying to achieve deep learning in all subjects. We have planned a more consistent approach towards curriculum that will make the school a vibrant and diverse place for learning. We are introducing UoLo APP, a comprehensive package for English language learning and GAVELLS CLUB, a platform to encourage public speaking skills in our students for the first time. As a part of the dedicated and resilient teaching community of KMR, I assure you that there are exciting opportunities and projects ahead for your ward, that will enhance his / her learning experience.

We solicit your esteemed cooperation and support to help the students thrive academically and personally. Together may we give our students the roots to grow and the wings to fly.

Wishes and regards!

Vijaya Sundar
Senior principal

Principal's Message

Dear Students and Teachers,

As the Principal of the KMR International School, I feel honored and privileged to be part of an educational institution where everyone is a learner and every day is an opportunity to explore and discover

Nowadays, the life of students can be so challenging at times and we can face them with the right attitude and positive mindset.

Therefore Students and teachers can constructively work together to create a positive learning environment. A positive mindset fosters collaboration in the classroom by encouraging everyone to view challenges and mistakes as opportunities for growth.

Through this practice and reflection, students can develop the capacity to have a positive mindset that will benefit them in their academic, professional, and social pursuits.

Best Regards

K.Saraswathy – Principal
