WORLD BOOK DAY – 23 APRIL

World Book Day is a celebration to promote the enjoyment of books and reading. Each year, on 23 April, celebrations take place all over the world to recognize the scope of books - a link between the past and the future, a bridge between generations and across cultures. 23 April is a symbolic date in world literature. It is the date on which several prominent authors, William Shakespeare, Miguel de Cervantes and Inca Garcilaso de la Vega all died. This date was a natural choice for UNESCO to pay a world-wide tribute to books and authors on this date, encouraging everyone to access books.

FLING ACTIVITY: FROM TINYTOTS

Elementary Activities: Spring Fling

1. Spring Planting Party

Serve raw vegetables with dip and give each child a small flower to take home. Ask each child to bring a parent to the party. This not only helps with the work, but also encourages parents and children to work in ministry together.

Activity ideas:

Plant a tree for an older person or on the church lawn.

Adopt a spot in the churchyard and plant flowers or shrubs. Place a long, flat stick beside each plant. Paint your class' name on the stick. Have each child add his or her name. Plan for continued care of your class' plants.

Plant flower boxes, large pots, or hanging baskets with flowers to beautify the church or an older person's home.

Select a plot of ground for a vegetable garden, such as at the home of an older person or at a nursing home. Plant the garden during your party and discuss how your class can tend or harvest it. Decide who'll receive the produce.

COUNTING ACTIVITY:

Counting is a fundamental skill forming a child's early education foundation. It is much more than just reciting numbers. Learning to count helps preschoolers understand the concept of numbers and their values, which is crucial for their future mathematical learning.
